Hi Mark,

Hope you're doing well after the Cultural Anthropology Review publication – great work on that 'Medicinal Chemistry: A Novel Approach' paper!

I'm writing about the upcoming Journal of Financial Innovation presentation next month. Given the focus on medicinal chemistry and the fantastic momentum from your new \$1M Space Exploration Grant, I've been pulling together some final thoughts and essential updates for our presentation material.

I've made some critical last-minute revisions and added a few new data points that I think will significantly strengthen our talk, especially considering the audience at the Journal of Financial Innovation. I've compiled everything into the attached "manuscript\_updates.docx".

We absolutely need to finalize this \*today\* if we want to get it reviewed and incorporate feedback before the submission window for presentation materials closes. The deadline is much tighter than I initially thought. Could you please review it as soon as you possibly can and let me know your thoughts? Your input on these final changes is crucial.

I'm free to discuss any points this afternoon.

Best,

Yara Dr. Yara Davis
