Hi Grace,

Hope you're well.

I've just received some critical feedback from the International Literature Festival Review editorial team regarding our 'AI in Archaeology: A Novel Approach' paper. They've requested a few significant revisions that need to be addressed immediately for the final publication push; it seems they're accelerating the timeline on this.

I've incorporated most of their comments and made some final tweaks, particularly around the methodology section, keeping our Global Education Initiative grant work and the upcoming Journal of Financial Innovation presentation in mind. This is quite pressing.

Could you please review the attached document, "manuscript_updates.docx," as a matter of urgency? I've highlighted the changes that require your final approval. We absolutely need to submit our revised version by end of day tomorrow to avoid any delays.

Let me know if you can get to this within the next few hours. I'll be available for a quick chat if anything is unclear.

Thanks so much for your quick turnaround on this.

Best,

David Davies
