Hi Maya,

Hope you're doing well and the preparations for the Cultural Anthropology Festival are coming along nicely!

I'm writing with an extremely urgent matter regarding our 'Energy Materials: A Novel Approach' paper. After some unexpected feedback from the International Symposium on Fundamental Forces organizers and a quick chat with William, it's become clear we need to implement a few critical updates and clarifications *immediately* to avoid any issues with the final publication.

I've compiled all the necessary changes, along with some suggested edits, into the attached document, "manuscript_updates.docx". It's absolutely crucial that we get your final review and approval on these changes *today*. We're under a very tight deadline for resubmission.

I know you're incredibly busy, especially with the new \$2M NIH grant focusing on nanomaterials, but this really can't wait. Please let me know as soon as you've had a chance to look it over.

Thanks so much for your quick attention to this.

Best,

Sarah
